

MILO ANDRUS FAMILY REUNION

Scheduled for 18 June 2011

Salt Lake City Liberty Park

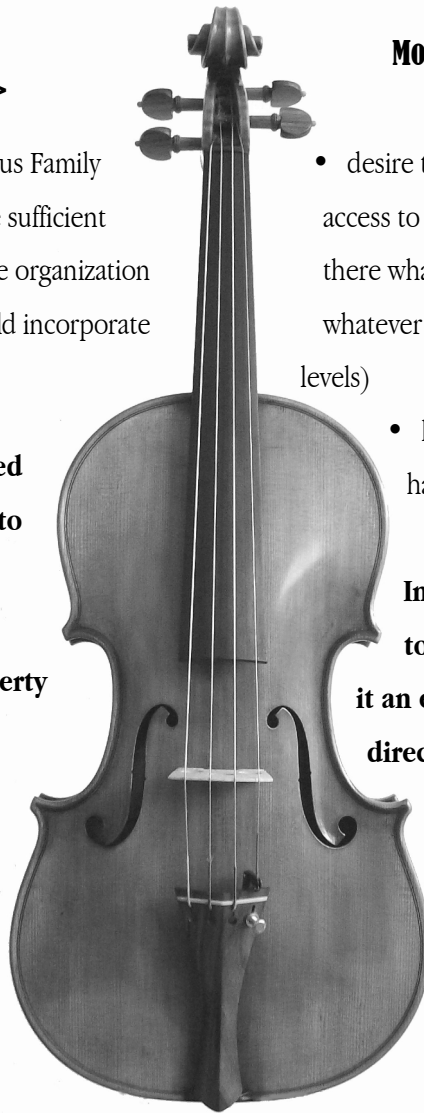

**Orchestra Invitation from
Don Jensen
<fiddlerat@frontier.com>**

It was suggested at our Spring 2010 Andrus Family Officers Meeting in Salt Lake that there were sufficient numbers of string instrumentalists within the organization to form a string orchestra, and that we should incorporate an orchestra as part of the reunion in 2011.

An open invitation is hereby extended to all string players of the Andrus Line to dust off those violins, violas, cellos, basses, and prepare to make a “joyful noise” during the family reunion in Liberty Park on June 18, 2011.

What is needed at this moment is an accounting of those who may —

- have access to a stringed instrument
- have sufficient skill to rehearse briefly on some music to present to the membership at the reunion

**Cultural Arts Coordinator
More particularly the String Orchestra
— and Friends**

- desire to suggest “favorite” music to be used (I have access to a considerable amount and can arrange from there what we might need, in order to accommodate whatever instrumentation and configuration and skill levels)

- have a solo on which he (or she) would like to have us consider accompanying him (or her)

In other words, we are gathering information to be used to form said requested group, be it an ensemble or a full orchestra. I will be directing its rehearsals as needed.

Please inform those of the family who would be interested in this exciting project and have them contact me at the e-mail address above or at 541-963-0870, with the information which follows:

Name	Address	Town & Zip	Telephone
e-Mail	Instrument played	Years experience	What else should we know?

Once we have established the experience level of the group and the instrumentation (via the responses to the requested information above), we will determine what music to play and then e-mail a copy for each participant to practice prior to our meeting in Salt Lake. Do not hesitate to make your desires known, as they will influence what we can and should do. And so, please get in touch with me as soon as possible, as this part of the reunion cannot wait! Musicians, as you know, must have adequate time to prepare.
